speed cups overview

SPEED CUPS: Speed cups is a game that requires **30 cups** (6 sets of 5 different colors), **one bell**, **task cards** and the **answer sheet**.

→ bell

task cards <<

instructions

OBJECTIVE: Earn the most cards by being the fastest player to **arrange your cups** in the correct order of the **task card** and ring the bell!

In this game, each player receives a set of **five plastic cups**, each a different color. The **deck of task cards** is shuffled and placed face down in the center of the table, next to the bell. One player **flips over the top card**, which states a task in which students order letters. Then everyone tries to **recreate the correct sequence** with her own set of cups. The first player to do **slams the bell**, then (if correct), **claims** the card. Someone then reveals the next card, and the players start shuffling cups once again. Once all the cards have been claimed, whoever holds the most cards wins!
