

**CLASS 2**

# **INSTRUCTIONS**

**Welcome!**

**In the following menu you can see different types of activities: songs, worksheets online, mini games...**

**The first three are mandatory (these activities are in red). The rest are voluntary.**

**More activities, More points you can get!**

**The order in which you do it does not matter as long as the three mandatory ones are done. It is a review of the vocabulary seen, so all can be done.**

**Good luck!**
