**OUR BEE SONG
(NURSERY TRACKS)**

Would you like to be a bee, bee , a
busy busy bee ?
Buzzing round from flower to flower
In the sunshine and the showers
Buzzing round for hours and hours

Wouldn ´ t you like to be a bee ?

***Bizz Bizz Busy Bee
Bizz Bizz Busy Bee
Bizz Bizz Busy Bee
Bizz Bizz Bizz***

Hello little flower. I am a busy busy
bee.
May take your nectar back to the hive
where I relax?
It won ´ t be long before I ´ m back.
Cause I am a busy busy bee

Bizz Bizz Busy Bee.....

Hello busy bee. Yes, you can have a
drink.
But there ´ s one thing that you should
know :
If you carry my pollen to and fro, that
will help us grow and grow

Thank you busy busy bee.

Bizz Bizz Busy Bee.....

The Queen is counting honey,
she ´ s licking her lips.
It ´ s soft and it ´ s runny, just right for
the kids.

You might find it funny, she ´ s rubbing
her tummy.

Wouldn ´ t you like to be a bee?

Bizz Bizz Busy Bee.....

If you want to see me , me a busy
busy bee
You can listen to me sing.
You can watch me do my thing
But please don ´ t touch me and I
won ´ t sting.

Cause I am a busy busy bee.

FIVE LITTLE BEES (NURSERY TRACKS)

1-2-3-4-5 Five little bees went in the hive
6-7-8-9-10, Then they come back out again.

Why did they all come through?
Because there's so much work to do :
Collecting nectar from the flowers, that will take them hours and
hours.

1-2-3-4-5-6-7-8-9-10

Now we'll sing our song again

1-2-3-4-5 Five little bees went in the hive
6-7-8-9-10, Then they come back out again.....

Now we'll sing our song again

1-2-3-4-5 Five little bees went in the hive
6-7-8-9-10, Then they come back out again.....

NOW OUR SONG IS AT THE END

- take note of the summary of the dialogues
- ensure that each member carries out his / her part of the work.

THE WORKER BEE IS THE ONE WHO BUILDS, CLEANS, EATS, DEFENDS THE HIVE AND SUCKS THE NECTAR FROM THE FLOWERS.

How to make a honeycomb with bees.

Materials

- Empty kinder eggs
- Pipe cleaner
- Toilet paper rolls
- Scissors,
- Glue,
- Permanent marker
- Thread

1. First open the eggs and stick some plasticine in the back, well, when you put the bees in the comb do not fall forward.
2. Use the cleaner to make the antennae and the bees' legs.
3. With a permanent marker draws the details of the mouth, nose and eyes.
4. To make the honeycomb cells uses rolls of toilet paper by cutting several strips and attaching them with glue. When you finish making the honeycomb color of the color you like
5. Finally, tie some of the bees to the cells of the bottom of the honeycomb so that they look like they are flying.
