States of Matter
2º ESO

Personaliza y controla Google Chrome

STATES OF MATTER

-> OBJECTIVES

- 1) Define the states of matter.
- 2) Identify the states of matter.

-> STRATEGIES

- a) By watching a video with subtitles about the states of matter.

CHANGES OF STATES

-> OBJECTIVES

- 1) Identify the changes of states.
- 2) Classify the different changes of states.

-> STRATEGIES

- a) By talking with your group about what changes of state occurs in your daily life.
- b) By watching a video with subtitles about changes of states.

MOLECULAR KINETIC THEORY

-> OBJECTIVES

- 1) Know the molecular kinetic theory of matter.
- 2) Identify the behaviour of the particles in each state.

-> STRATEGIES

- 1) By using an interactive simulation to observe the movement of the molecules in the different states.
- 2) By explaining what they observe when they use [the simulation program](#) (in pairs).
